

Antony Joshua S

Software Tester

Software Tester with 2.5 years of experience in manual testing (web, mobile, VR) and automation testing for web applications. Proficient in designing and executing test strategies, improving product quality, and ensuring on-time releases. Experienced across diverse domains including hospitality, healthcare, finance, and e-commerce, with a proven ability to adapt to dynamic project requirements and deliver results within tight deadlines.

WORK EXPERIENCE

Software Tester June 2024 – September 2025 NITInnov Technologies Private Limited

Performed manual testing on VR-based healthcare platform (ConfidentoAI) across VR, web, and mobile (iOS/Android) modules. Validated Muse EEG device integration, ensuring accurate data capture within the app, tested RAG and machine learning models, assisting in the design and validation of prompt templates. Designed and executed detailed manual test cases, logging and tracking defects in Agile sprints.

Software Tester July 2023 – May 2024 Arkashya Tech Solution Pvt Ltd

Designed and executed automation test scripts for web applications using Selenium + TestNG, alongside manual test cases for functional and regression testing. Prepared detailed bug reports, reproducing issues and assisting developers with root cause analysis. Collaborated with product owners and stakeholders to refine requirements and ensure high-quality deliverables within Agile sprints.

Software Tester (Intern) March 2023 – June 2023 Arkashya Tech Solution Pvt Ltd

Assisted in manual testing of web and mobile applications. Created and executed basic test cases; logged and tracked defects. Gained exposure to QA processes including SDLC, STLC, and defect life cycle. Learned automation fundamentals and developed introductory Selenium scripts.

Technical Support Oct 2020 – Oct 2022 Sutherland Global Services Technical Support

Delivered technical support to Amazon customers via phone, email, and chat, resolving issues related to software functionality, troubleshooting, and installation. Part of the core launch team, providing support for a wide range of Amazon.com products. Promoted to Team Lead for 10 months, managing operations and mentoring team members. Recognized with 2x RnR Awards for consistent performance and service excellence.

SKILLS

Test Automation: Selenium WebDriver, TestNG, Cucumber

Programming Language: Java

CI/CD & DevOps: Jenkins, Maven, GitHub, SonarQube

Methodologies: Agile, Functional Testing, Regression Testing, UI/UX, Machine Learning Model Testing

API Testing: Postman

Databases: SQL, MongoDB

Test Management & Defect Tracking: JIRA

Testing Platforms: Web, Mobile (iOS/Android), VR

PROJECTS

MyHotel AI (Hospitality PMS) – Arkashya Tech Solution

Performed functional, regression, and UI testing on web, Android, and iOS platforms and executed automation test scripts for web applications using Selenium + TestNG.

ACW Card (NFC Business Card) – Arkashya Tech Solution

Conducted cross-device NFC testing, validated interactions & compatibility, and ensured smooth app performance.

Zane Hospitality (E-commerce) – NITInnov Technologies

Tested web modules for product listings, order placement, and customer inquiry workflows; ensured seamless user experience.

Cornovus Capital (Finance & Real Estate) – NITInnov Technologies

Performed functional and regression testing to ensure reliability of financing solutions. Validated loan input forms (buyer's equity, term length, interest %) and confirmed accurate loan calculations within commercial real estate loan workflows. Collaborated with developers to resolve defects, ensuring smooth execution of customized funding strategies.

ConfidentoAI (VR Healthcare) – NITInnov Technologies

Led manual testing across web, mobile, and VR; validated Muse EEG integration; created test cases, logged defects, and collaborated in Agile sprints for faster issue resolution. Additionally, tested RAG and machine learning models, assisting in the design and validation of prompt templates.

EDUCATION

BCA- Bachelor of Computer Application (85%)

Jaya College of Arts and Science (2017- 2020)
